Mortgage & rent

Proportions are calculated using all tenure types for occupied private dwellings. This excludes visitor only and other non-classifiable households.

<u>Rent weekly payments</u>	Mitcham (C)	%	South Australia	%	Australia	%
Median rent	300	--	260	--	335	--
Households where rent payments are less than 30% of household income	--	93.2	--	89.8	--	88.5
Households with rent payments greater than or equal to 30% of household income	--	6.8	--	10.2	--	11.5

The number of households where rent payments were 30% or more of an imputed income measure are expressed in this table as a proportion of the total number of households in an area (including those households which were not renting, and excluding the small proportion of visitor only and other non-classifiable households). The nature of the income imputation means that the reported proportion may significantly overstate the true proportion.
